Death in California of Ormonde, Famous as the "Horse of the Century."

RIDING ASTRIDE IN ENGLAND

Leesburg Horse Show—Flying Virginian—Passing of Mayfield Stud—Other Items.

Ormonde, the world famous thoroughbred sire, died recently at the Menlo Park Stock Farm of his owner, W. O'Brien McDonough, California. The great son of Bendor and Lilly Agnes was put to death to relieve intense suffering from paralysis. Mr. McDonough paid \$150,000 for the bay stallion. He won every race in which he started, and his winnings amounted to a princely sum. The cost of Ormonde reminds me of the statement made by the Newark Sunday Call "that the highest price ever paid in any country was the \$125,000 which J. Malcolm Forbes paid for Arion, 2:07 3/4, which the American Horse Breeder pronounces an error and credits the top amount to the Russian Government, who paid \$150,000 for Galtee More, but by reference to the records I find that Mons. E. Blanc, of Paris, went even higher in 1900 when he purchased Flying Fox, for whom he paid \$184,000. Flying Fox was sired by Orme, the son of Ormonde. Ormonde, Galtee More and Flying Fox were all Derby winners. Arion, however, holds the record for the top price of American bred stallions. He trotted to a record of 2:10 1/4 as a two-year old, and was then purchased by Mr. Forbes. Previous to the sale of Arion \$105,000 was paid for Axtell as a three year old, who made his record of 2:12 at that age.

The Sportsman, writing in "The Illustrated Sporting News," of London, says: The children of royalty are made acquainted with the saddle shortly after they become able to walk. Little Princess Victoria, of Wales, granddaughter of King Edward, is no exception to the rule; but she certainly is as to the method of riding. She is being taught to ride in what is known in England as the "new style," which means that the crupper seat has been selected for her. Royal patronage implies much in England, and the fact that it approves of the use of the man's saddle for women will eventually count for more in doing away

Sirius, black gelding, 5:15 1/2, 1,000 pounds, sired by Biltzen, dam Effie Deans, by King Bolt; bred and owned by Mr. Joseph Bryan, at Laburnum Farm. The ancestors of Sirius on the maternal side have been owned in the Bryan family for 50 years.

large one and some high class horses will compete for the prizes offered.

The Loudoun Horse and Coll Show Association has issued the prize list for its third annual exhibition on Wednesday and Thursday, June 8 and 9, on the grounds of the association, near Leesburg, Virginia. The officers of the association are: Mr. R. N. Harper, of Washington, president; Mr. William Corcoran Eustis, first vice-president; Mr. H. H. Russell, second vice-president; Mr. E. E. Garrett, treasurer, and Mr. S. T. Hickman, secretary.

Special prizes are offered by Mr. Westmoreland Davis, of Mervin Park; President R. N. Harper, of Washington; Mr. Wm. Corcoran Eustis, of Oatlands; Mr.

E. B. White, of Leesburg; and Lutz & Co. and Rich & Sons, of Washington.

Flying Virginian, the chestnut gelding, 5, by Terrifier, dam imported Bessie, John Bull, won second to Judge Phillips in a steeplechase at Morris Park recently, was bred by Henry Harrison, Leesburg, Va., from whom he passed to Robert Neville, of Welbourne, Va., then to R. C. Hooper, of Boston, who also owns another good Virginia bred horse in Land of Clover, the champion steeplechaser of 1903. One of the best yearlings on Mr. Harrison's place is a bay filly by imported Arlington, out of Bessie, dam of Flying Virginian. The same gentleman also owns two more very promising yearlings, both being bay fillies, one of which is by Fillmore, dam The Termini, by Tom Ochiltree, and the other

by imported Contract, dam Wild Duck, by Pontiac.

The remaining thoroughbred horses at Mayfield Stud, Leesburg, Va., the property of J. Storey Curtis, will soon be shipped to him in England. The shipment of these horses notes the passing of this noted Virginia breeding establishment. Among the horses to be forwarded are the stallion imported, Minceat and the good brood mare imported Phrya. A yearling and suckling from Phrya also go. From the appearance of the foals by Minceat at Mayfield it looks as if he would sire race horses with fair opportunities, and these will doubtless be accorded him by his owner in England. It is to be regretted that Mr. Curtis will not carry on Mayfield, for the place now is in perfect condition to breed race horses with its superb barns, fine fencing and numerous paddocks well set in grass and supplied with an abundance of pure water. Great credit is due Manager Charles Mott for the fine condition of Mayfield. Certainly it is to be hoped that some gentleman with means will acquire the farm and continue it as a breeding establishment.

Charles L. Downs, whose headquarters are at the Richmond Horse Bazaar, this city, attended the recent Kentucky sale, Boston, and purchased Lady Bona Fide, bay mare, 5, by Bona Fide, dam Tricolor, by Meander; Prince Henry, chestnut colt, 2, by Patronage, sire of Arion, 2:07 3/4, and by Lord of the Isles, Walter Jr., 2:15 1/4; Fannie Brine, chestnut mare, 5, by Greenbird, dam Fannie Dictator, by Dictator Chief, and the bay stallion Sir Red, 2005, foaled 1893, by Red Wilkes, dam the great brood mare Hamlet, dam of Granby, 2:19 1/2, etc., by Hamlet, son of Volunteer. Mr. Downs states that the sale was a great one, as Bingen, 2:06 1/4, and other famous horses were sold, while prices kept up with remarkable regularity throughout the week.

William W. Bennett, of Buchanan, Va., reports the arrival of a very clever thoroughbred foal, a bay colt, foaled on April 15th, by Bohemian, dam Sea Drift, by Lishan. The mare was bred back. Bohemian is owned by Mr. Bennett, who writes me that the son of Ten Brock is in good health and siring some high-class hunters and jumpers. Bohemian formerly headed the stud of the late Judge Robert W. Hughes, who thought high of him.

Elitist bred horses are showing up and winning races this season. Among recent winners from noted Virginia breeding farms are Punctual, bay horse, 6, by Bolus or Eon, dam Guava, by imported Eoblen, who won at St. Louis; Chambliss and Chantrelle, both by imported Charaxus and from the Bolus mares

Canby and Ada Belle, the two last named horses earned winning brackets at Toronto.

The good steeplechase horse Poorlands, 8, by Flatlands, dam Lady M., by Bolus, who won a number of races in California last winter, now racing at Chicago, and recently annexed first money in a cross country event at Hawthorne Park.

The Alsille Carriage Company, of South Tenth Street, this city, report a fine trade both locally and out of town in high grade vehicles of different makes. They have recently filled several orders for fine carriages and other pleasure vehicles from the far South. The house of Alsille has been established for generations and the concern is rated among the pioneer carriage houses of the South.

BROAD ROCK.

CONSOLIDATED SCHOOLS.

Supt. Joynes Pushing This Modern Method of Education.

(Special to The Times-Dispatch.) ONANCOCK, VA., June 4.—At a public meeting of the patrons in Accomack School District No. 1, held at the school house, Superintendent G. G. Joynes effected a consolidation of four small schools into a graded school of three teachers for next August. This consolidated school will be built during the summer, the grounds having already been bought in a location central to the other four schools that will be closed. Another important consolidation has been made at Annapolis, C. H., in Lees district, where a two-teacher public school and two private academies have decided to combine to form a graded public school with four teachers, and to afford the addition of high school grades. Professor A. L. Burt, who has been chosen principal, is working in organizing the Pungoteague District High School, at Pungoteague, Va., for the past two years, has been chosen principal of this school, which will be built during the summer. Four important consolidations have been made in Accomack in the last three years.

Upon the request of Superintendent Joynes and the trustees of the island district, embracing Chincoteague Island, the Board of Education and the work of the Onancock High School, and notified Principal Sydenstricker that an annual scholarship would be given. This scholarship was awarded to Mr. Coppin, a senior in the high school, at the recent commencement. The Onancock High School has made excellent progress in the last few years, its corps of teachers numbering eight, with an enrollment of 186 for the past session. It has four teachers in the high school grades, besides departments of music and elocution, and has a full three years' high school course, its work comparing favorably with that of high schools in neighboring towns. Onancock has a business course, with stenography and typewriting, with another teacher, will be added next fall. Professor Sydenstricker, who has been at his head for two years, will return next session.

The educational outlook in Accomack is bright; the people are demanding better schools, and show a greater willingness to support them by extra local taxation.

LOUISA COURTHOUSE.

Old Building Condemned and Will be Replaced by New One.

(Special to The Times-Dispatch.) LOUISA, C. H., Va., June 4.—The Louisa courthouse building has been condemned and will be replaced by a modern building.

The present courthouse of this county was built some years ago. It has been the scene of many a famous legal tilt in ante-bellum days between such giants as Jno. S. Fleming, Richard Morris, W. F. Gordon, Sir, Judge Barber and others.

The courthouse building will be set further back on the lawn, which will give a better view of the Confederate monument soon to be erected.

SCOTTSVILLE, VA.
